Five Toastmasters Give Practice Talks

Five member-speakers were heard Monday at the meeting of the Toastmasters Club at which one new member, Ray Wimer, was inducted. He is a transfer from a San Francisco club. J. Lester Moore served as chairman.

Merlin C. Donaldson, YMCA secretary, spoke on "Experience of a Has-Been," relating the incidents that turned his interest toward his present profession, boys welfare work.

William D. Henderson took as his subject, "A Visit with Palo Alto Toastmasters."

Guido Brandolini spoke on, "I Am a Fatalist," reporting several times when he narrowly escaped injury or death in accidents. He attributed his escape to "fate."

S. S. Mayo discussed "Safe Living," pointing out that avoiding accidents had a beneficial effect on character and individual happiness.

Fred A. Schmitz spoke on "Democracy Beware," saying that the giving of unusual powers to the President and the danger of monetary inflation are definite threats to our form of government.

In addition to speakers listed last week, Kenneth C. Saunders spoke, giving his first talk before the group.

John J. Eshleman was a guest last night.

Manufacturing capital outlays this year will be close to five billion dollars, the Department of Commerce reported.

100 Pilots To Be Sworn

SAN CARLOS — Spectacular dive-bombing and other thrills of modern aerial warfare will be features of the Free Air Circus to be staged at San Carlos Airport next Sunday. The occasion will be the mustering into the California State Guard of the 100 pilots and ground crewmen of the Third Observation Squadron, of which Maj. Frank A. Flynn is commander.

Brig. Gen. Joseph Donovan will be the high-ranking guard officer present. Among other notables expected to participate will be Mayor Rossi of San Francisco and Dr. John F. Slavich, mayor of Oakland. They will respond to an address of welcome to be delivered by Mayor A. H. Sagehorn of San Carlos.

Maj. Arthur Edgar Lang of the First Regiment, State Guard, will be the mustering officer.

Following the air show, in which more than 50 planes will take part, there will be a patriotic unity rally.

Music will be furnished by the California State Guard Band and John Walker's Drum and Fife Corps. The latter will put on a special program in the "Spirit of 1776."

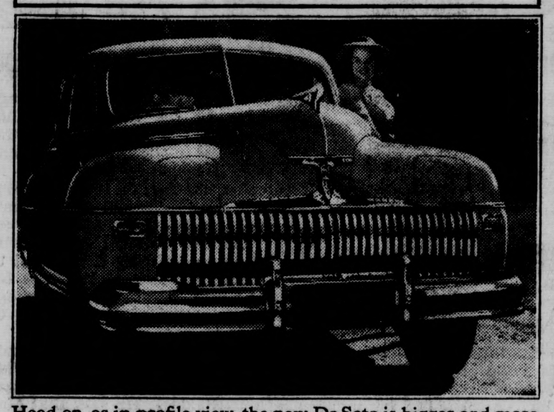
Truman S. Waterman, program chairman, announced today that an opera star will appear to sing "God Bless America" and other patriotic songs.

Some 37 San Mateo County civic organizations have united to make a stirring success of the unity rally and, it is predicted, an example will be set, worthy of emulation by other communities.

The celebration will start at noon and continue all afternoon.

The following Sunday the Portola Jubilee Celebration will be held on the H-H Ranch two miles west of San Carlos.

Here's De Soto . . . Head-On



Head-on, as in profile view, the new De Soto is bigger and more massive-looking than ever. Its new "cascade" grille, with chrome belt flowing around the front fenders, accents its wider, lower appearance. In daytime, its headlights are concealed behind sliding panels which leave fender contours smooth and unbroken. De Soto calls this new feature the "Airfoil" headlight.

A Bumblebee Can Cause A Lot of Trouble

ATHERTON—Mrs. Emma Kay Villa, 55, of 119 Selby Ln., Atherton, does not like bumblebees.

One of the little buzzers caused nothing but trouble for her as she drove to Palo Alto the other afternoon.

Just after she had left her driveway the bee entered her car and started cruising spitefully around her head. Mrs. Villa started ducking and dodging and her car followed her example. The car plunged off the road, knocked down a mailbox, clipped off a fire hydrant and headed back onto Selby Ln. as the bee stopped buzzing and the driver regained control of the automobile.

Mrs. Villa drove on to Palo Alto, entered a beauty parlor and started to take off her hat. Then the bumblebee added injury to insult. It was lodged in Mrs. Villa's hair. As her hand touched her head, the bee released his rage. He stung Mrs. Villa's finger.

Sad, but wiser, Mrs. Villa drove back to Atherton, reported the series of mishaps to the police department.

Exchange Club Hears Of Eastern Trip

Members of Redwood City Exchange Club were taken on a verbal 11,400-mile trip across the United States and back again Tuesday by A. B. Blakely, draftsman in the county engineer's office. He not only described the three-month motor trip but told of the restoration of Williamsburg, Va., until it now appears as it did in the 18th century. James C. Dodge chairmaned the meeting.

BUTCHERS CLOSE NOV. 11

All San Mateo County meat, fish and poultry markets will close on Armistice Day, Nov. 11, it was announced by Earl Schmidt of the Peninsula Meat Dealers' Association and Ed Michelsen of Butchers' Union Local 516. Armistice Day is a holiday recently won by the butchers' union.

Robin Walton Heads Class

Robin Walton was named president of his class in the long-delayed senior class election, held Wednesday at Sequoia High School.

As groups of excited seniors crowded around the bulletin board in the main hall for final election returns, they found that other successful candidates were Rosemary Bonnot, vice president; Donnabeth Dungan, secretary, and James Sisney, treasurer.

Twelve candidates had filed petitions for the four offices, after petitions had been declared invalid two weeks ago. Although the delay in election somewhat slowed down the start of class activities, senior sponsors expect that action on the year's program will get under way rapidly now.

Work Begins On Stinson's New Field

Construction work that is expected to result eventually in a $100,000 airport project in Redwood City has been started by Stinson Flying Corp., on the old O'Dea Estate Property on Bayshore Hwy. south of the city limits.

Workmen now are engaged in cutting the grass off the area that will be used as a runway at the airport and contracts are being prepared for the erection of buildings that will provide hangar and office space.

The building program is to be carried out on a long-range basis but essential buildings for the establishment of the flying school that Stinson will operate here will be completed immediately. It was understood that a hangar, already constructed, will be moved to the local site in order to speed completion of the project.

Stinson officials said the new airport should be ready for operation within the next 45 to 60 days.

More than 700 species of fish have been identified in Florida waters.

MENLO PARK NEWS NOTES

BY D. E. O'KEEFE

MENLO PARK — E. J. McLaughlin has returned from Reno, where he went to administer the estate of his brother Thomas McLaughlin, a well-known mining man who died recently leaving an estate of more than $40,000. Mr. McLaughlin was a bachelor. His estate will be distributed to his brothers and sisters. He died intestate.

Rehearsals Under Way For San Carlos Pageant

SAN CARLOS — Principal actors in the Portola Jubilee historical pageant to be staged on Portola Mesa in the Devonshire hills Sunday, Nov. 9, have been chosen and are rehearsing daily, according to Phil Whiting, director.

"They're a fine bunch—civic-minded, sincere, and mighty pleasant to work with," said Whiting, who came up from Hollywood to direct the outdoor play for A. L. (Red) Vollman, Cavalcade producer. Whiting served as Vollman's "co-ordinator" for two years on Treasure Island, so directing scenes from the early history of California is almost second nature to him, he says.

Whiting has been coaching actors in outdoor spectacles for years. For 12 seasons in Hollywood he directed the "Pilgrimage," famed religious pageant based on the life of Christ, and for 10 seasons was with the big California show, "Ramona," while he has played an important role at many expositions before directing Cavalcade.

The cast is rehearsing every evening in the school auditorium and Sunday morning will go through a complete rehearsal on the outdoor stage at Portola Mesa, behind the Devonshire Club. Whiting has asked all riders, dancers and other performers to be on hand there at 10 a.m. Sunday.

Belmont Japanese Held For Theft at Airport

Katsumi Unoke, 24, Belmont Japanese, Monday was taken into custody by deputy sheriffs and charged with the Aug. 16 burglary of the Stinson Aircraft Corp. office at Belmont Airport.

Dep. Sheriff Walter Moore, who with Deputy Frank Marlow took Unoke into custody, said he found an adding machine in Unoke's possession that carried the same serial number as one that had been reported taken from the airport. Other office equipment, auto robes and leather jackets also were found in Unoke's possession.

Marlow said the Japanese, weighing 95 pounds and being less than five feet tall, had leather jackets in his house that were big enough for men "twice his size." Unoke resided in a room about one-eighth mile from the airport.

A complaint charging Unoke with the theft was prepared this afternoon by Dep. Dist. Atty. Burress Karmel.

Manhattan Visitors

Localities in Manhattan are Mr. and Mrs. Ward G. Walkup, who are registered at the Waldorf-Astoria for an indefinate visit.

Menlo Park Council Dispute Reaches Court

The battle that has been raging over the Menlo Park City Council table for the past several weeks as to eligibility of Councilman Hugo May to continue in office was transferred to superior court here when a suit was filed here demanding May's ouster.

Plaintiff is Cecil Baxter, who was appointed by the council to fill May's place after the latter had been absent from meetings for a period of "more than 60 days."

In his action, Baxter contends that May now is holding an office that rightfully belongs to him (Baxter). He asks that May be ousted from the office and that the court rule it rightfully belongs to him (Baxter). Baxter further asks that the court award him damages in the amount he expended in the court action.

The Fish and Wildlife Service in Washington has the world's largest collection of data on where and when wild birds occur in North America.

Idle deposits and cash hoards held by individuals have accumulated steadily and are now in record volume, the Department of Commerce says.

Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION

for Coughs, Chest Colds, Bronchitis

FREE! TRAINING that is worth $1500.00

READ HOW YOU TOO CAN BECOME AN EXPERT IN AVIATION, RADIO OR ENGINEERING AND DRAW GOOD PAY WHILE YOU LEARN!

LOOK WHAT THE U. S. NAVY AND NAVAL RESERVE OFFER YOU

FREE TRAINING worth $1500. Nearly 50 trades and vocations to choose from.

GOOD PAY with regular increases. You may earn up to $126 a month. You are entitled to a generous vacation period, with full pay, each year.

GOOD FOOD and plenty of it.

FREE CLOTHING. A complete outfit of clothing when you first enlist. (Over $100 worth.)

FREE MEDICAL CARE, including regular dental attention.

FINEST SPORTS and entertainment any man could ask for.

TRAVEL, ADVENTURE, THRILLS—You can't beat the Navy for them!

BECOME AN OFFICER. Many can work for an appointment to the Naval Academy or the Annapolis of the Air at Pensacola.

FUTURE SUCCESS. It's easy for Navy-trained men to get good-paying jobs in civil life.

LIBERAL RETIREMENT-PAY for regular Navy men.

IF YOU WANT to get ahead fast, to serve your country, to build yourself a good-paying future . . . here's the opportunity you've been waiting for.

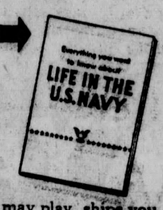
The U. S. Navy may train you to become an *expert* in any one of nearly 50 skilled fields. Each month, over 5000 new men will be sent to a Navy Service School, where you can learn to be a Diesel engine operator, machinist, aviation mechanic, aerial photographer, radio operator, or whatever specialized work you're best fitted for. This first year's training which you get is worth at least $1500.

The Navy foots the entire bill. You earn while you learn. In fact, it is possible for an enlisted man to earn up to $126 per month—with keep.

You'll have plenty of opportunity for advancement in position and pay—*and you'll have fun while you learn!* You'll come out of the Navy fully prepared to take on a good job in private industry. And if you want to stay in the Service, you can go right to the top . . . and retire at the end of 20 years or 30 years with a liberal monthly income.

You can choose now between the regulars or the reserves. Both offer equal opportunities for advancement.

Get this FREE Booklet



Mail coupon for your free copy of "Life in the U. S. Navy." 24 pages, fully illustrated. It answers all your questions. Tells what your pay will be . . . promotions and vacations you can expect . . . how you can retire on a life income. Describes how you can learn any one of 45 big-pay trades from aviation to radio . . . how many may become officers. 27 scenes from Navy life showing sports and games you may play, ships you may be assigned to, exciting ports you may visit. Tells enlistment requirements and where to apply. If you are between 17 and 31 (no high school required), get this free book now. No obligation. Ask the Navy editor of this paper for a copy. Or telephone him. Or mail him the coupon. You can paste it on a penny postal card.

WEAR THIS BADGE OF HONOR! If after reading the free booklet you decide to apply for a place in the Navy, you will receive this smart lapel-emblem. It is a badge of honor you will be proud to wear.

ENROLL IN THE NAVAL RESERVE ...BE RELEASED AFTER THE EMERGENCY

The Secretary of the Navy has announced:—"All men now enlisting in the Naval Reserve will be retained on active Navy duty throughout the period of the national emergency, but they will be released to inactive duty as soon after the emergency as their services can be spared, regardless of the length of time remaining in their enlistment."

Remember—the regular Navy and Naval Reserve offer you the same travel, training, promotions, pay increases. Physical requirements in the Naval Reserve are more liberal. Send coupon!

Tribune Aids The Program

At the suggestion of Secretary of Navy Knox, Otto Tallent of the Tribune has been made navy editor, to help the navy in giving ambitious local young men limited number of additional information about the opportunities the "two-ocean" navy offers them for technical training and advancement as they serve their country in its emergency.

Otto Tallent

According to an announcement made in Washington, a men between the ages of 17 and 50 will be given a chance, by enlistment in the navy or naval reserve, to get to the top, with big pay, in jobs from among nearly 50 different trades and vocations for which by their aptitude and as a result of examination they show themselves fitted. These include such callings as aviation machinist, dental technician, photographer, diesel engineer, radio technician, electrician, welder, storekeeper, and baker. Enlisted men may also qualify for commissions as officers.

Beginning this week, the navy plans for a limited time to accept new qualified men for training. These men will be sent to one of four naval training stations and may have a chance to go to a navy trade school even before assignment to the fleet. During this period they will be given regular navy pay and the navy's free schooling is valued at hundreds of dollars.

The Tribune has just received from Washington a supply of free illustrated booklets for all men interested and, in addition, will welcome inquiries from young men who wish to look into the new and greater opportunities the navy now offers for training for future civilian careers as they serve their country now in its emergency

Woman Held for Trial On Operation Charges

SAN MATEO — White-haired Mrs. Florence Hunter Williams, 62, was held for superior court trial following preliminary hearing Tuesday before Municipal Judge Arthur H. Stetson on two counts of performing illegal operations.

Bail was continued at $2500 cash or $5000 bond, despite a plea from T. L. Christianson of Oakland, Mrs. Williams' attorney, that it be reduced to $1000.

Testimony of two women, Mrs. Julia Perez, 30, Hayward, mother of four children, and Mrs. Roma Ivory, 25, Oakland, was introduced.

Both testified that treatments were given on the kitchen table in the house. They also told the court Mrs. Williams had them buy the necessary medicines themselves.

Police Insptr. Robert O'Brien, who searched the house, described various medicants and medical supplies found there and said Mrs. Williams told him: "People come to you when they're in trouble and you help them and this is what you get."

Mrs. Williams, according to Alameda County records, has been arrested twice before on similar charges and once on a charge of contributing to delinquency of a minor. She was convicted only once, in 1936, and was sentenced to six months in the county jail.

$1889 Asked In Action

Margaret Fleishman, widow of Police Officer Herman A. Fleishman, has filed a writ of mandamus action in superior court, seeking to force the city to pay her $1889.15 she claims is due as a result of her husband's death.

Officer Fleishman was killed on Jan. 22, 1939, when he was struck down on El Camino Real in San Carlos while writing out a citation for a speeder he had arrested.

In her legal action, Mrs. Fleishman contends that the state law provides a pension of one-third of the officer's salary be paid her because her husband was killed while on duty. The amount she seeks is a third of the amount he would have earned at $180 a month.

Named defendant in the suit is the Police Pension Fund Commission of Redwood City. Members of the board are Mayor Harold F. Anderson, Chief of Police C. L. Collins and City Clerk Clarence W. Eltringham.

The city's stand in the case probably will not be made clear until the next meeting of the city council or until the city pension commission meets to discuss the action.

City hall attaches said unofficially that they believed the state statutes to which the action refers makes the payment of the pension permissive but not mandatory.

City Atty. Albert Mansfield, who is handling the case for the city, said the matter is being looked into but he had formed no opinion as to the legality of the claim.

$7.90 Per Capita Paid For Debt Redemption

Payments for local government debt in San Mateo County cost the people of the county an average of $7.90 per capita in 1939-40, a study of interest and redemption payments in California counties, just made public by California Taxpayers' association, shows.

A total of $883,565 was paid out for interest and redemption by the local governments in the county during 1939-40, the study shows. Of this, the county paid out $104,662; the cities, $260,616; school districts, $317,607; county special and assessment districts, $67,677; and city special districts, $133,003.

The figure for county special and assessment districts is incomplete, it was stated, in some cases irrigation, reclamation, water, etc., districts not being included. In addition, the figure for city special assessment districts includes some expenditures for current operations, although it was pointed out that such expenditures are not large in comparison with the total.

New York state's individual and corporate income taxes in the fiscal year ending in 1940 yielded $148, 263,000.

Scott Murder Trial Set for December 2

Edith E. Scott, accused of the North Palo Alto "beer slaying" of her husband, William C. Scott, Sept. 5, will go on trial in superior court Dec. 2.

Mrs. Scott appeared here for arraignment before Judge A. R. Cotton and, after hearing the information that had been prepared against her, entered a simple plea of "not guilty."

At the end of Summer, a caribou buck has sometimes accumulated two or three inches of fat on the back.

Arkansas has a surface more diversified than that of any central Mississippi Valley state.

Kiwanis Club Honors Sequoia Grid Squad

A program honoring the Sequoia High School football team was given the Kiwanis club yesterday noon.

Francis Sullivan, student commissioner of welfare, was toastmaster and also gave a monologue, "Formality at a College." He introduced Bob Furger, varsity captain, who reviewed the football season to date, and Albert J. Terremere Jr., Sequoia coach, who discussed the team line-up and its chances for the P.A.L. championship. Glenn Stewart, head yell leader, was also a guest.

A musical program was presented by Otis M. Carrington, director of music at Sequoia. His third period choral class, accompanied by Connie Hallonquist, sang "Send Out Thy Light," "The Pilgrims' Chorus," "Mr. Banjo" and a song written by Carrington for the club, "Kiwanis." The Kiwanians joined the chorus in singing several high school songs.

A. C. Argo, Sequoia principal, arranged the program and Carl E. Ward, president, was in charge of the meeting. Next Wednesday a report will be given on the recent California-Nevada district convention, at which J. Hugh Jackson, dean of the Stanford school of business, was elected governor for the coming year.

McCormick Estate Valued at $7,500,000

CHICAGO (AP)—Harold Fowler McCormick, late chairman of the board of International Harvester Co., left an estate of approximately $7,500,000 for his widow, Adah Wilson McCormick, and his three children by a previous marriage.

His will was filed in probate court here. It provided that at the end of three years his property was to be divided into trust funds, one half to be held for the benefit of Mrs. McCormick, his former nurse, whom he married in 1938.

The residue was to be divided equally and held for the benefit of Fowler McCormick, president of International Harvester; Mrs. Muriel Hubbard, and Mrs. Mathilde Oser, all children born of his first marriage with the late Edith Rockefeller McCormick, daughter of John D. Rockefeller.

Robinson Estate Willed to Relatives

The estate of Robert Robinson, who died in San Mateo on Oct. 22, will be divided among relatives and friends, according to a copy of his will filed in superior court in conjunction with a petition for probate.

The estate, valued in "excess of $10,000," will be administered by David Winsom, San Mateo banker, who was named executor in the will. Bequests include $3000 to a niece, Marshleen Armstrong, San Francisco; similar amounts to a brother, David Robinson, San Mateo, and a nephew, James Armstrong, San Mateo.

Other bequests ranging from $10 to $3000 are left to relatives and friends in the United States and in County Londonderry, Ireland.

Edward Eyre Named To Honorary Position

ATHERTON — Edward L. Eyre, who recently resigned from his post on the Atherton Town Council, has been appointed a life member of the Atherton Police Committee. He had been chairman of the committee while a councilman for several years. The appointment was made by the council this week in recognition of his services.

The board also authorized signing a contract with the State Highway Department providing for the maintenance of El Camino Real through Atherton from the quarter-cent gas tax refund.

A resolution making minor changes in the minimum specifications of street construction requirements was passed unanimously.

Crackdown on Speeders Ordered

BELMONT—A crackdown on early morning San Francisco commuters speeding to work over Ralston Ave. was ordered by Belmont City Council Monday in a brief meeting which saw other routine business handled.

Declaring that speeding on the thoroughfare had reached the point where it could no longer be tolerated, the council issued orders for a traffic officer to patrol Ralston Ave. daily between 7 and 8 a.m.

Other action included a decision to fence the Belmont city garbage dump. It was reported that residents from nearby communities have created a serious problem there by using Belmont facilities rather than their own.

That city finances are in sound condition was indicated by a report from Treasurer A. T. Hasbrouck showing a cash balance of over $9000 on hand. City building permits issued the past month total $35,200.

A letter from the San Francisco Junior Chamber of Commerce, inviting Belmont to participate in a Sunday morning radio broadcast series over station KFRC, was turned over to the Belmont Chamber of Commerce.

George McPherson, Belmont representative on the San Mateo County Defense Council, was appointed by the council to serve also as local chairman, and he will attempt to form a local board in the near future.

Although some discussion was held of consolidation of local fire and sanitary districts, no action was taken pending study of a report on legal procedures by City Atty. J. E. McCurdy.

'New Wine' at Redwood Sunday

Beautiful Ilona Massey, star of "Balalaika," returns to the screen in "New Wine" opening Sunday at the Redwood Theater for its first showing in this city. Companion feature is also a first run hit, "Two In A Taxi," starring Anita Louise.

26 Are Initiated By San Carlos Legion

SAN CARLOS — San Carlos Post 585, American Legion, initiated 26 new members at its meeting this week, putting San Carlos post in front in the county in growth. Phil Blanchard, commander of the 26th District, was present, and San Mateo County voiture of the 40 & 8 ritual team conducted the initiation.

New members initiated were Bruce Allen, Albert Becker, A. L. Warburton, Virgil Gray, Pier Iphar, H. Johnson, James Kelly, Horace Webster, Vester B. Hancock, James M. Handy, Dr. F. Paul McManus, Robert H. Jeans, Margaret Wang, Harry Vernon Brown, Albert E. Deacon, Arthur W. Alderson, Dugald McKellar, Roy Hamilton, Edmund Carolan, Phillip Johnson, James Welsh, Fred Gaiter, V. J. Thomas, Howard P. Iams and A. C. Adams.

P. S. Spencer and Truman S. Waterman gave a talk on the San Carlos for United Americans movement and also the rally to be held Sunday.

Refreshments were served to members of the post and also the newly-organized ladies' auxiliary of San Carlos post, which adjourned to participate in the initiation ceremonies.

According to the U. S. Office of Education, the school enrollment for 1941-42 is 31,566,000.

Street Work Is Completed

MENLO PARK — The Menlo Park City Council Tuesday night agreed to install and pay for a telephone at Recreation Park to aid in establishment of an aircraft warning station there under the direction of the San Mateo County Defense Council.

H. B. Johnson, who has been appointed chief observer for Menlo Park, submitted the request as a necessity in making prompt contact with army posts when a flight of enemy planes is sighted over or near the community. He said the first practice maneuvers will be held early in December and the telephone will be needed at that time.

Johnson told the council his assistant observers will be Joseph Prein, E. R. Paolini and Harry Hoefler.

Members of the board started action on a petition asking the improvement of San Mateo Dr. between Valparaiso and Santa Cruz Aves. A motion was passed giving notice of intention to pass a resolution providing for grading, paving the street and installing laterals. The action was taken after a petition, signed by nine property owners on San Mateo Dr., was submitted to the council.

Street Comsr. Paul Bryant reported the completion of work in resurfacing Cambridge Ave. from El Camino Real and University Ave. at a total cost of $766.35.

He also reported having aproved the removal of all Pacific Telephone and Telegraph Co. poles from El Camino Real to the alley near the highway to allow for widening the road. Three poles near Central School, which carry city traffic signals and wires, will be left for the use of the city, however.

Councilman Bryant, who also is finance commissioner, brought before the council a request from City Atty. James T. O'Keefe Jr. for remuneration in the amount of $300 for work on the proposed improvement of Menlo Park streets under a Works Projects Administration program.

He said the other two members of the finance committee had signed the voucher at the last meeting but that he had held it up because it had not come before the council. The matter was referred back to the finance committee without council action and the bill later was paid.

The council granted Councilman James E. Cooper permission to be absent from the state for an indefinite period.

A request from the Menlo Park Chamber of Commerce for a donation to the Christmas party was granted and $100 was appropriated.

A request from property owners on Laurel Dr. in Felton Gables that the name of the street be changed to Felton Dr. to avoid confusion with other streets of the same name was tabled until the next meeting. The letter from property owners also asked that a renumbering program be started on the street.

Committee Plans Study

A recommendation for a long-range plan of development of the city's 22-acre recreation center, on Chestnut St. at Bayshore Hwy. where the Fourth of July Celebration was held this year, will be made by a joint committee from the city recreation commission and the Fourth of July Committee, now known as the Peninsula Celebration Association.

This was decided at a meeting of the city commission Tuesday night at which Chairman D. L. Bogie appointed Carl (Ike) Britschgi, Sam E. Alberson and Elmer Ross as a committee to meet with a similar group from the PCA to draft a recommendation. On the PCA's committee, appointed by Chairman Ole S. Oleson, are L. E. Wolbert, LeRoy O. Jordan, Fire Chief Mark E. Ryan and County Engineer M. A. (Cap) Grant.

TWO NEW MEMBERS ON COMMISSION

Appointed by City Manager Dimmitt to fill unexpired terms, Sam E. Alberson, representing the Junior Chamber of Commerce, and Elmer Ross, representing the Commuters Club, were seated as members of the Redwood City Recreation Commission last night. Alberson succeeds Walter C. Peterson; Ross succeeds Frederick Vanderborden. Both resigned.

BACK TO COMMISSION

The recommendation will be presented to the recreation commission, probably at a special meeting.

Decision to have the joint committee draft the recommendation was made after Wolbert, on behalf of the PCA, appeared before the commission to ask that a long-range program of development be agreed upon. He pointed out that originally a complete recreation center was discussed for the site, which is being purchased over a five-year period by the city. But last Summer the rodeo and celebration were held, and some discussion had taken place since indicating that the site might be used only for a celebration center.

Consensus of the group appeared to be summed up in City Manager C. L. Dimmitt's suggestion that the field be used for both celebrations and "major" sports such as baseball, football, soccer, etc.

The committee will discuss this matter further and draw up a recommendation, under terms of the motion authorizing its appointment.

YACHT CLUB RENTED

The commission also recommended giving the Sequoia Yacht Club virtually exclusive use of the upper floor of the clubhouse at the Redwood City Yacht Harbor for a rental to be agreed upon by the city council and yacht club. Club members, several of whom appeared before the commission, explained that if this were done, they would improve the clubhouse and the facilities at the yacht harbor.

It was stipulated that the recreation commission would reserve the right to grant use of the building to other groups upon application and for agreed-upon rental charges when there was no conflict with the yacht club's plans.

Mrs. Faso Hosts A to Z Club

The A to Z Sewing Club met Tuesday at the home of Mrs. Joseph Faso on Oak Knoll Dr. The afternoon concluded with refreshments.

Present were Mrs. John Arneth, Mrs. Henry Frahm, Mrs. Ruth Horne and Mrs. Martin Person of Redwood City and Mrs. L. Dallen and Mrs. Albert Wold of San Mateo.

The next meeting will be held at the Quartz St. home of Mrs. Frahm.

Applications for patents are examined by the Patent Office, Department of Commerce, in the order in which they are filed.

Six Inquests Set For Local Mortuary

Inquests into six deaths are scheduled for Nov. 6 at Franklin & Crowe Mortuary in Redwood City, Coroner William F. Crosby announced today.

To be investigated are the deaths of Fred Miller, and Mrs. Leah Hancock of Reno, killed Oct. 6 when an automobile driven by Mr. Miller collided with a truck on Bayshore Hwy. at Redwood City; Robert Lewis, a soldier, killed Oct. 15, in a Bayshore Hwy. crash near Redwood City; Arthur Martin, pedestrian killed Oct. 25 in Redwood City, assertedly by a hit-run driver; Raymond Fairfield, killed Oct. 26 when his automobile ran off the La Honda Rd. near Woodside, and Ernest Hildebrand, who was fatally injured Oct. 29 in a fall from a ladder at La Honda.

According to the National Bureau of Economics Research, although population increased only two and a half times, there was an eightfold increase in output of commodities between 1879 and 1939.

Mother's fingers work so easily sewing, darning or mending, but are her eyes having an easy time too? Scientific sight-light research shows it takes ten times more light for sewing than reading a book. See that Mother has a Better Lamp for Easier Sewing.

☆

Concentrated eye effort, like Big Sister must use at her piano practice or daily study assignment, demands she have the right kind and the right amount of light to prevent the wearisome let-down of brain fag. One of the new swivel-armed floor lamps will provide Better Light for Easier Concentration.

☆

Give the young man in the home a man's sized study lamp for his desk or table and note the difference in his study attitude. A Better Light study lamp sits up tall and straight and spreads light generously over books and papers. Better Light for Better Study saves young eyes and improves school grades.

A plentiful supply of smart and attractive lamps is now available. Prices are low, too. This is the time to Light Condition your home at low cost.

Clover Leaf Club Enjoying Success

"Bob" Scalabrino's Clover Leaf Club, located at Mountain View, five miles south of Palo Alto, is meeting with success, if one can judge from the attendance that has been accorded this smart dine and dance rendezvous since its opening a few weeks ago. The Clover Leaf Club is open every evening, except Monday, with continuous dancing from dinner until closing time.

Dance music is furnished by Leo Shortino and his orchestra, with many added features introduced each evening. The "Rambling Microphone" with the songs of yesterday and today flashing on the silver screen, enabling the audience to join in an old-fashioned community song festival, has been proving a real feature, and this Saturday night, "The Derby Handicap" with the members of the audience riding the hobby horses to the winning post for prizes, should be an attractive feature. But, it is the good food served so attractively by "Bob" and his capable Chef "Dick" that has been the magnet for attracting real business to this new Peninsular rendezvous.

Newspaper Advertising Brings Ruskets Success

Advertising in home town newspapers, including the Redwood City Tribune, has been, more than any other factor, responsible for the outstanding increase in the sales of Ruskets, vitamized breakfast cereal, during the past year, according to L. V. Roberson, advertising manager, Loma Linda Food Co., Arlington.

"A few years ago," Roberson pointed out, "Ruskets had only a few thousand loyal 'fans.' Today they are sold in over 6000 food outlets in California alone, and sales for 1941 are running well over 50 per cent above the previous year."

The Ruskets campaign, which has been running consistently in the Tribune and other California home town newspapers during the past year, has attracted nationwide attention, having been featured in a two-page story in the September issue of "Sales Management," a national publication, which gave special mention to the results obtained on this California cereal through consistent newspaper advertising.

83 YEARS OF SERVICE TO HOMES AND INDUSTRY

Johns-Manville Journal

JOHNS MANVILLE JM PRODUCTS

Retirement Plan Proves Popular

Ninety-si.. percent of Johns-Manville employes eligible for J-M's new retirement plan had signed up by October 1, the deadline for those eligible on July 1, 1941, the date the plan became effective, it was reported this month. Five J-M plants scored 100% with every eligible jobholder signing.

The company's contributions to the plan will amount to an average of about $650,000 a year for the next three years. For every dollar employes contribute to the retirement fund the company contributes a similar amount.

J-M's retirement plan is one of the few which provides a retirement income for all employes on the regular payroll two or more years who sign up to participate, regardless of what they earn per year. Retirement income from J-M's plan is in addition to social security benefits.

Another feature of J-M's plan is that members with 10 or more years' service are entitled to retirement consideration at any time they become permanently disabled.

How U. S. Defense Affects Johns-Manville's Operations

Company Does Its Best To Keep Jobs for All

In this period of defense, Uncle Sam has to tell manufacturers what they can have in the way of certain raw materials . . . and what they can't.

This means some manufacturers (especially in non-defense industries) are having a hard time. Some have practically had to quit.

Johns-Manville which is now providing many items vitally important to defense, has set up a Priorities Department of its own to coordinate the activities of J-M with government agencies.

Our Research Department is constantly seeking substitutes for materials which are or which may become scarce. And our Operating, Cost Reduction, Purchasing and Sales departments are all studying ways to help meet the changing problems of defense production.

We have been more fortunate than some manufacturers to date.

Research Staff Seeks Substitute Items

since there has as yet been no shortage in about 60 percent of the raw materials we use, such as asbestos fibre, asphalt, cement and others.

In the remaining 40 percent there has been or may be temporary shortages . . . packaging supplies, rags and cotton duck and sheeting, for example.

In only a few instances has it been necessary to cut down production because of the difficulty of getting raw materials. But as many big new factories now being built get ready to start production, there probably will be increased demands for raw materials, on a gigantic scale.

Johns-Manville realizes the difficulties of making raw materials go around so that production and employment will be maintained and we are doing everything we can to keep all J-M departments operating and as many J-M jobholders as possible at work.

J-M FAMILY ALBUM

JEFF DOES HIS BIT—Jeff Walker, of J-M's Jarratt (Va.) plant, tried to join the Army but was told he was too old. But he's doing what he can to help defense. Recently Jeff donated his aluminum dinner pail to the government and bought another made of tin. There are now more than 500 J-M men in the Army and Navy.

HALLOWE'EN

Good Food Makes for a Good Time!

Witches ride through the air and hobgoblins stalk the streets! It's a ghastly night, with spirits abroad. But everyone knows that the hostess who serves eat treats casts the kind of spell over her Hallowe'en party that keeps guests in the best of spirits. Your Safeway has all the food needs to make Hallowe'en parties successful—and of course all items at Safeway are priced to save every hostess money.
